

The label of the Royal Commission for the Baptism Site

This is a scanned and magnified copy of the original label that the Royal Commission for the Baptism Site gives to **Holy River Establishment** to certify that its water is **Authentic Holy Water** from the River Jordan.

This label represents an official document issued by the royal commission (**Jordanian Government**) in conjunction with the Church:

The Orthodox Patriarchate of Jordan as well as The Catholic Church of Jordan.

Note that the label contains a Serial Number and the three logos:

The official logo of the Hashemite Kingdom of Jordan, The Orthodox Patriarchate of Jordan as well as The Catholic Church of Jordan.

The Royal Commission for the Baptism Site requires fixing this label with the Serial Number on **EACH BOTTLE** of Holy Water in order to ensure their authenticity.

Therefore, every bottle you will receive from **Holy River Establishment** will be certified by its own.
